

## Instructions for installing Chat.io xml file

In the Miva Admin click on the Menu and scroll down to **Data Management**

Under the **Import/Export** Tab click on “Import Data and Settings in **XML Provisioning Format.**”

Click on “Choose File” and navigate to where you downloaded the “**chatio\_install.xml**” file.

Click on the Menu again and scroll down to “**User Interface.**”

if you want to view or edit your file, click on **“JavaScript Resources.”**

The screenshot shows the Miva Merchant User Interface. At the top, there is a navigation bar with 'Menu', 'History', and 'Bookmarks' on the left, and 'test' and 'Search...' on the right. Below this is a breadcrumb trail: 'Home > User Interface > Pages'. The main heading is 'User Interface'. A horizontal menu contains 'Pages', 'Items', 'Image Types', 'Frameworks', 'Settings', 'Search Settings', and a 'More' button. A 'Reset' button is also visible. A search box labeled 'Search Pages...' is present. A dropdown menu is open, listing 'CSS Resources', 'JavaScript Resources', 'Resource Groups', 'SEO', 'META Tag Settings', and 'Error Messages'. Below the menu is a table with columns '+Code', 'Name', and 'Title'. The table contains two rows: 'ABAL Customer Account Balance' and 'ABUS About Us'.

Click on **“Edit Source.”**

The screenshot shows a dialog box titled 'Edit JavaScript Resource: chat\_io'. The dialog has a toolbar with icons for home, edit, undo, redo, search, and help. The main area contains JavaScript code:

```
1 (function(c, h, a, t) {
2   c[t]=c[t]||function(){(c[t].q=c[t].q||[]).push(arguments)};
3   c[t].license = 9207110;
4   c[t].d=new Date;
5   var j = h.createElement(a); j.type = 'text/javascript'; j.async = true;
6   j.src = 'https://cdn.chatio-static.com/widget/init/script.' + c[t].license + '.js';
7   var s = h.getElementsByTagName(a)[0]; s.parentNode.insertBefore(j, s);
8 }) (window, document, 'script', '__chatio');
```

Below the code is a 'Notes:' field and a 'Versions:' section showing 'Original' and a 'Clear History' link. At the bottom right are 'Cancel' and 'Update' buttons.

Here's how it will show up on in your store:
