## **CartStack Installation on Miva Merchant Store**

For latest online help doc visit - http://help.cartstack.com/article/71-miva-merchant

## Instructions:

- 1. To install CartStack on your Miva store you will need to sign-up for a trial account if you haven't already <u>https://www.cartstack.com/sign-up/</u>.
- 2. Log into your Miva admin panel to add the CartStack tracking code to your global header.
- 3. Go to Menu > User Interface > and select the "Settings" tab.

4. Scroll down to the Global Header & Footer section. Then paste your CartStack tracking snippet at the TOP of the Global Header field. You can find your unique snippet on the code page of your account.

Global Header & Footer
Slobal Header: <pre>slobal Header: <script data_siteid="k5BXXlbK" src="https://api.cartstack.com/js/customer-tracking/cartstack.mivamerchantdev.com_88ed5bd9f2020db54ece0b728ebc25d2.js" type="text/javascript"> <script data_siteid="k5BXXlbK" src="https://api.cartstack.com/js/customer-tracking/cartstack.com/js/customer-tracking/cartstack.com/js/customer-tracking/cartstack.com/js/customer-tracking/cartstack.com/js/customer-tracking/cartstack.com/js/customer-tracking/c</td></tr><tr><td>, «/form»</td></tr></tbody></table></script></pre>

5. Finally, follow the instructions on the code setup page (<u>https://admin.cartstack.com/setup/</u>) to have us (CartStack) verify your integration.
